PROFESSIONAL SUMMARY

Technical Support Engineer with 1+ year of experience supporting Barclays enterprise users across Windows, M365, and incident management systems. Strong knowledge of networking concepts including TCP/IP, DNS, DHCP, routing, switching, IPv4/IPv6, and OSI model with hands-on CCNA training. Experienced in ITSM processes, SLA-driven incident resolution, and cross-team coordination. Familiar with Java and SQL fundamentals and passionate about troubleshooting enterprise systems and network infrastructure.

TECHNICAL SKILLS

Programming: Java, SQL

Networking: TCP/IP, OSI Model, IPv4 & IPv6, DNS, DHCP, VLANs, Routing & Switching

Operating Systems: Windows, Linux

Tools: ServiceNow, Git

Cloud: Microsoft Azure (AZ-900)

Concepts: ITSM, Incident Management, SLA Management, SDLC

PROFESSIONAL EXPERIENCE

Technical Support Engineer

HCLTech – Barclays Project

January 2025 – Present
India

- Handled 30–40+ technical incidents daily under defined SLA
- Provided first-level resolution for Windows, Outlook, Teams, and enterprise application issues
- Logged, categorized, and prioritized incidents using ServiceNow
- Coordinated with L2/L3 teams for issue escalation and resolution
- Performed root cause analysis for recurring incidents
- Ensured 95%+ SLA adherence
- Documented knowledge base articles for common issues
- Maintained detailed incident documentation to reduce repeat issues and improve resolution efficiency
- Troubleshoot network-related connectivity issues including DNS resolution, VPN access, and IP configuration problems
- Assisted users with network connectivity troubleshooting using basic TCP/IP diagnostics

Software Developer Intern

Capgemini

March 2023 – May 2023
Navi Mumbai, Maharashtra

- Worked on backend development using Java and Spring Boot in an Agile environment
- Assisted with REST API development, SQL database integration, and application debugging
- Collaborated with cross-functional teams following enterprise development standards

EDUCATION

Diploma in Cloud and Networking (Information Technology)

Jetking

2024 – 2025

Nagpur, Maharashtra

- Practical training in networking including TCP/IP, DNS, DHCP, routing, switching, and network troubleshooting

Bachelor of Technology in Electronics and Telecommunication

G.H. Raison College of Engineering (GHRCE)

2020 – 2023

Nagpur, Maharashtra

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals (AZ-900) | Java Spring Framework with Spring Boot | Java Developer Associate (JDAC) | Certification of CCNA by Jetking

ADDITIONAL HIGHLIGHTS

- Strong understanding of production incident lifecycle
- Exposure to change management and release processes
- Experience working in Agile environment
- Practical networking knowledge from CCNA training including TCP/IP, DNS, DHCP, routing and switching
